PRAYER FOR THE CITY COUNCIL

Tuesday, February 12, 1974

8:00 P. M.

O God of light and truth, in a strangely tangled time when confused cries echo through the world, when selfish interests press upon us, we pray for the leadership of faith. Save us all from a circumstance where the rich get richer and the poor get poorer. Help us each one to do all we can so that the good and the bad will be equally shared.

So guide our minds and our spirits that we may both speak and listen with understanding, compassion and love. Endow us with the grace of insight, the gift of interpretation, and the courage for responsible leadership. Enable us to both reflect, and to mold the thoughts, wishes, desires, and interests of all the people to whom we feel responsible.

May your kingdom come, your will be done by the guidance of your Holy Spirit in this meeting here tonight. AMEN

Gentlemen and Mrs. Schmidt:

Attached hereto are copies of resolutions pertaining to five (5) zoning ordinance amendments acted upon by the City Plan Commission at their regular meeting held January 28, 1974. In addition to the reasons outlined in the resolutions, the following are additional remarks pertaining to the ordinances involved.

1. Bill No. Z-73-10-51

- a. Intended Use: Restaurant
- b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reason:

1. Rudisill Blvd., east of Lafayette Street, has only one commercial use located at the southeast corner of Rudisill and Lafayette. This use is buffered from the existing residential uses to the East by means of an alley, and further encroachment into the present residential neighborhood would not be in the best interest of the neighborhood or the City of Fort Wayne.

2. Bill No. Z-73-11-31

- a. Intended Use: T.V. Repair Shop
- b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

1. While there are non-conforming uses in the area that tend to give it a mixed character, this area is essentially residential and will probably remain so in the new plan.

Bill No. Z-73-11-31 (Con't.)

Granting this petition would lend support to changing the area from residential to a more commercial a mixed area and could accelerate the neighborhood deterioration.

NOTE:

Petition previously to Commission in 1972 - DENIED

3. Bill No. Z-73-11-32

- a. Intended Use: Professional office buildings
- b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

- 1. The Fairfield Ditch serves as a buffer between the commercial uses to the north and residential uses to the south. The petition requesting a "BLB" zoning change in this area is not compatible since it would encourage future commercialization of this corridor.
- 2. The Plan Commission denied a petition for a "BLB" zoning based on similar criteria, at the southeast intersection of the Fairfield Ditch and Bluffton Road in 1972.
- 3. At the present time there is no commercial uses south of Winchester Road and it is not felt that commercial development should be encouraged in this area.

4. Bill No. Z-73-11-47

- a. Intended Use: speculation
- b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

- 1. This proposed change is located in an area that is rapidly changing in land use from residential to commercial. Anthony Blvd. is the physical boundary for commercial development at this time.

Bill No. Z-73-11-47 (Con't)

2. The primary reason for denying this petition is the present poor condition of Tillman Road. The Tillman Road cannot handle the increased traffic volumes that this zoning could generate.
3. In addition, there is sufficient commercial property in the area to handle immediate development. By granting this petition, the Commission will be establishing a precedent for commercial development east of Anthony. This development may or may not be compatible with future growth east along Tillman Road. Since sufficient commercial is now available, this type of rezoning should not be considered until the growth potential of the area is assessed.

5. Bill No. Z-73-11-33

- a. Intended Use: Branch Bank
- b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

1. The south side of U. S. # 24 is primarily residential in character. While the general area is commercial, this commercial development should be limited to the north side of U. S. # 24 and to frontage where S. R. # 14 on Ardmore Ave. intersects U. S. # 24.
2. Any rezoning of property in this area could establish a precedent for the future expansion of strip development along the south side of U. S. # 24. This type of development should be discouraged.

If there are any questions with regard to this ordinance, please feel free to call on us.

To Whom It May Concern:

This is to certify that the following resolution was passed by the Church Board of First Assembly of God of Fort Wayne, Indiana, Inc. on December 19, 1973 at a duly called meeting with a quorum of members present.

RESOLVED, that this Board approve various agreements made between Pastor D. Fred Leader and the City of Fort Wayne Plan Commission relative to property owned by the Church and located at Coliseum Boulevard and Hobson Road which are as follows:

1. The existing tree buffer 50' wide will remain and be maintained in good condition (including tree replacement if and when necessary) along the North and East sides of this property, except for 250 feet on the North boundary going East from Hobson Road which shall be a living screen buffer ten feet in width.
2. No access will be permitted to the property from the North and East. If this property is used for a church facility, the owners may renegotiate this access limitation with the Plan Commission in order to gain access to a parsonage from the North.
3. Thirty per cent (30%) of the property may be used for building. The area reserved for the 50' tree buffer and the area leased to Standard Oil may not be used in computing the 30% coverage. Any increase in building coverage must be approved by the Plan Commission.
4. Ten per cent (10%) of the site shall be dedicated to landscaping. This area devoted to landscaping shall not include the 50' tree buffer nor any landscaping on the land leased to Standard Oil. In computing this 10% area, the entire area of the property including the area leased to Standard Oil shall be used.
5. No structure may be closer than 75' to the right-of-way line on Coliseum Boulevard.

6. Representatives of the Plan Commission and First Assembly of God shall work together to put these statements in legally binding form and have them attached as covenants to the deed of the property at Hobson and Coliseum.
7. The Plan Commission shall issue an agreement or policy statement to the effect that they will not entertain another rezoning attempt on said property at Hobson and Coliseum.
